

Stuart Building Spotter Sheet

Where are you visiting today? _____

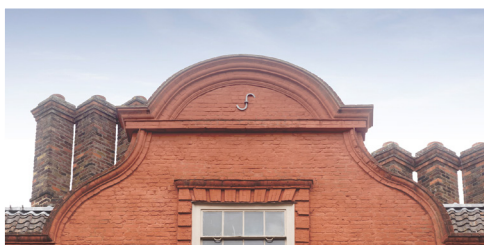

Can you spot:

Symmetry

Red brick and white Portland stone

Pointy or curvy gables

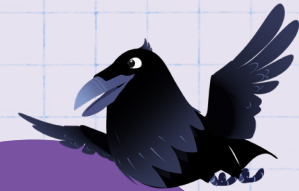

Sash windows

If you see these features, they might be clues that you've found a **Stuart building**.

But remember:

Other buildings might have these features too, and buildings change over time!

Did you know?

After the Great Fire of London, and fires in other places, the Stuarts started to build using bricks and stone.

Did you know?

Sash windows were such a great invention, people continued to use them for hundreds of years!
