

# Historic Buildings Spotter Sheet

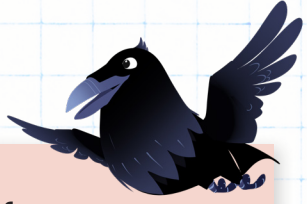

Can you spot any of these building features near you?

- ☐ Large light-coloured stone
- ☐ Carvings
- ☐ Rounded turrets
- ☐ Arch shaped windows
- ☐ Arrow loops
- ☐ Crenellations

If you see these features, they might be **clues** that you've found a **Norman castle**.

- ☐ Symmetry
- ☐ Red brick...
- ☐ ...and white Portland stone
- ☐ Pointy or curvy gables
- ☐ Sash windows

If you see these features, they might be **clues** that you've found a **Stuart building**.

- 
- ☐ Timber (wooden) frames
  - ☐ White walls
  - ☐ Zig-zag brick work
  - ☐ Tall Chimneys
  - ☐ Wonky or uneven buildings

If you see these features, they might be **clues** that you've found a **Tudor building**.

- ☐ Symmetry
- ☐ Columns
- ☐ Domes
- ☐ Long line of terrace houses
- ☐ Roof that looks flat

If you see these features, they might be **clues** that you've found a **Georgian building**.

## Top tips:

- Can you spot any patterns in the bricks or windows?
- What materials can you see?
- Look up: sometimes there are important clues on the roof!

## Remember:

- Buildings change over time
- Later builders sometimes copy old styles, so a building might look Tudor, Georgian or Victorian... even if it's not!
- Even building experts can find it tricky to say exactly when a building was made
